Rev. F. Johns Bohanan and Vested Choir of St. Andrew's Church provide Shouting Arms Service—Sunday School Class Gives Play—Whist at Scotland Hall.

There was evening prayer and an address at the Shouting Arms Sunday afternoon, conducted by Rev. F. Johns Bohanan, of St. Andrew's church, Greenville. The text chosen for the address was "Take ye away the stone, we think of the resurrection at this time of year, he began. At the resurrection of Lazarus power came from without, at Christ's resurrection divine power came from within. Why did not He roll away the stone instead of asking for help? Human hands could do it, so they were called upon. God helps us, but it is God's will that we help ourselves. There are many duties, responsibilities, sorrows, that we ask God to bear, or we cast aside. Our world is one in which each one is called to be co-worker with God. We make no attempt to remove the stone because we may have to give up a bad habit, or something we hold dear. All about are things to make life happier but before them are stones, maybe one of selfishness or indifference or pride. Then will come the joy and happiness of life, a resurrection of power and peace.

Twelve members of the girls' vested choir of St. Andrew's sang the hymns for the day, which included "Angels, Rock Away, Saviour Breathe an Evening Blessing, Watchman Tell Us

of the Night, and a beautiful rendering of "The Magnificat." The solo was pleasingly rendered by Miss Ruth McKinley. Miss Winifred Baker was at the piano.

### Class Gives Play.

A bright little play entitled "A Day and a Night" was given before a large audience Friday evening in the First Congregational chapel by the Sunday school class of Mrs. F. B. Sterry. The sum of \$12 was realized for the Sunday school outing this coming summer. The scene was laid in New York when a young ladies' boarding house was being started. The bright dialogue and clever acting elicited laughter and applause from those present. The cast followed: Dorothy Miner, boarding mistress, Esther Heath, Miss Mary Clancy, Dorothy's aunt, Helen Avery, Jennie, ex-waiter at Kilde's, Rachel, Miss Plinn, teacher, Ruth Stott, Juliet Macbeth, actress, Elizabeth Luther, Mammy Sue, colored cook, Phoebe Lathrop, in charge of the curtain were Philip Luther and Harold Sterry.

Between the acts, and while tea and cake were being sold, the Sunday school orchestra of five pieces rendered selections, Berlin March, German, Minuteman Waltz and Washington Post.

## JUNIORS HEAR BOSTON SPEAKER

Annual Rally of Junior Department of Eastern Connecticut Branch, Woman's Board of Missions at Osgood Memorial—Miss Kitty Sloan Tells of Northfield Conference.

The Junior Department of the Eastern Connecticut Branch, Woman's Board of Missions, held its annual rally for girls of high school age on Saturday afternoon in the Osgood Memorial. The meeting was conducted by Miss Elizabeth E. Pollock and opened at 2:30 p. m. with a devotional service of responsive reading, songs and prayer. The girls' orchestra—Miss Sadie Colt, Miss Maria V. Gallup, Miss Dorothy Jones, Miss May Webster and Miss Emily Latham—accompanied. Miss Kitty Sloan, who enjoyed stay at Aloha camp at Northfield, Mass., last summer, gave an enthusiastic account of her visit. She spoke of the beautiful scenery at Northfield and the welcome and spirit of comradeship found at the camp. The program, tending to be a doctor showed that the girls of India have an even harder lot than those in China, and there is more unnecessary physical suffering among the women and girls in India than on all the battlefields and in all the hospitals of Europe. Three out of sixteen girls in the world live in India, and four in China and one in America. The difference in their lives is that we have medicine, while they have not.

### Address by Boston Speaker.

The principal address was given by Miss Helen B. Calder of Boston, home secretary of the Woman's Board. She pointed out the fact that girls in all lands are very much alike. Their dress and ways may seem queer to us, as ours do to them. To really understand them we must get their point of view. We do not have to adopt it unless it is in the line of our own duty, and ways they may not understand and may go to extremes at first, finding it hard to get the great balance. An interesting story of a Chinese girl now studying to be a doctor showed that girls there are the same if they could have the same opportunity. The girls of India have an even harder lot than those in China, and there is more unnecessary physical suffering among the women and girls in India than on all the battlefields and in all the hospitals of Europe. Three out of sixteen girls in the world live in India, and four in China and one in America. The difference in their lives is that we have medicine, while they have not.

### Box for China.

Miss Pullen spoke of the box which the younger girls are preparing to send to Tientsin, China, filled with dolls and similar gifts, and several of the societies to which the sixty or more girls present belonged, from the various towns in eastern Connecticut, donated articles for the box. The collection will be used toward the freight charge.

### OLD TRICK DRIVES OUT TENT CATERPILLARS.

John M. Crampton, superintendent of fisheries, successfully experimented the other day at the state game farm at Madison with a new method of destroying the tent caterpillar which is doing so much damage to trees throughout the state.

Mr. Crampton shot from an ordinary 10 gauge gun, using only black powder. The exploded powder drove the caterpillars back a fatal effect on the pest. No shot was used, and in that way the bark of the tree was uninjured. Mr. Crampton stood three feet from the tree where he saw the caterpillars and fired at them. One discharge destroyed a nest of three in diameter. It is the intention of Mr. Crampton to go over the entire game farm. He expects to kill all the caterpillars in it with his new device in half a day.

### Transferred to Kansas City.

Very little enthusiasm is being shown among the men of the lobster fleet this season. The boats are, many of them, ready and the gear is all prepared to go overboard, but for some reason the work does not commence with the usual vim. None of the boys are planning on getting rich this season. Some who have good positions will keep them till late in the season, waiting for the time when the big catch comes. Others will commence early, hoping by patient and persistent effort to make a fair season.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' discovery that the liver and bowels sometimes play havoc with the cure. So do strong liquids.

These pleasant little tablets do the good that calomel does, but have no bad effects. They don't irritate the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the cure. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "biliousness" and that lousy feeling come from constipation and a sluggish liver. Calomel or strong liquids only make matters worse. Dr. Edwards' Olive Tablets, when you feel "lousy" and "bilious." Note how they "cleanse" the bowels and how they "freshen" the system. At 10c and 50c per box. All druggists.

SAYS TROLLEY COMPANY DIDN'T PROVE CLAIMS

Senator Hewitt Represents Patrons of G. and S. Road Before Commerce Commission.

Senator E. H. Hewitt was in Washington Friday where he is arguing in the case of the protest against the increase in trolley fares on the Groton and Stonington Street railroad before the Interstate Commerce commission.

In the original complaint Miss Nellie M. Edmonds of Westerly petitioned for relief because certain school children in Groton, N. Y., Nov. 12, 1915, have since been taken away from the school teachers and they are compelled to travel on the trolley.

Referring to the condition of the Norwalk and Westerly and the Groton and Stonington, Attorney Hewitt says: "On Nov. 12, 1915, the trolley was taken away from the school teachers and they are compelled to travel on the trolley."
